An international analysis of organisational support for eSports players' mental health and physical activity / Hee Jung Hong and Guy Wilkinson

Hong, Hee Jung | Wilkinson, Guy

University of Stirling - 2020

This study investigates how eSport players perceive the availability of organisational support focused on their mental and physical health. The research team then looks into eSports players' coping skills and strategies they adopt...
The global gaming market, due to numerous technological advancements in social media networking and live-streaming video, has exploded in recent years. However, this newly acquired popularity has left many industry professionals p...

The chapter follows a comparison between e-sports and physical sports in terms of their formal properties as games. Through this approach, it is argued that e-sports differ essentially from physical games due to their spatiality. ...

The global phenomenon of eSports has experienced exponential growth in recent years, gaining interest from the media, sports and technology industries. Being born digital, global and agile, competitive gaming appeals to a young an...
Proceedings of the 2019 esports research conference / ed. by Jason G. Reitman... [et al.]
Reitman, Jason G.
Carnegie Mellon University - 2020
ESC 2019 aims to foster substantive discussion about competitive video game play, bringing together leading thinkers across both academia and industry. Each year, we foster in-depth conversation and networking across diverse disc...
